## Fatwa Linovera, Frontend Developer

I am a web developer specializing in Frontend development with React/Next, with a strong passion for creating seamless and responsive user experiences. I describe myself as a frontend developer with a designer's mindset.

**Skills** HTML, Javascript, Typescript, React, Next, REST API, GIT, CSS, ChakraUI, GSAP, CorelDRAW

### Work Experience *Freelance Frontend Developer*

July 2023 – Current, Semarang, Indonesia

- Developed frontend applications using React/Next.js and ChakraUI.
- Collaborated in a team, building frontends based on UI/UX designer specifications (if available).
- Designed and implemented ERDs (Entity Relationship Diagrams) for each project.

### Fullstack Developer - Bussiness Watch Indonesia

November 2023 – August 2024, Boyolali, Indonesia

- Built landing pages, blogs, and online course platforms using React and Laravel.
- Developed an admin panel for managing landing pages, blog content, and online courses.

### Graphic Design Intern – Dian Nuswantoro University Public Relations

Mei 2022 – April 2023, Semarang, Indonesia

- Created vector assets with CorelDRAW.
- Designed posts for the university's official Instagram account.
- Collaborated with a team, producing designs according to copywriter briefs.

### Pendidikan **Bachelor of Computer Science – Dian Nuswantoro University**

August 2019 – August 2023, Semarang, Indonesia

Major: Software Engineering

GPA: 3.52 / 4.00

### Portfolio **GIS Portal – Freelance (Frontend)**

A GIS (Geographic Information System) application for viewing land information. With .shp file input, the system visualizes land parcels on a map.
